

# GARDEN CLUBS OF MISSISSIPPI

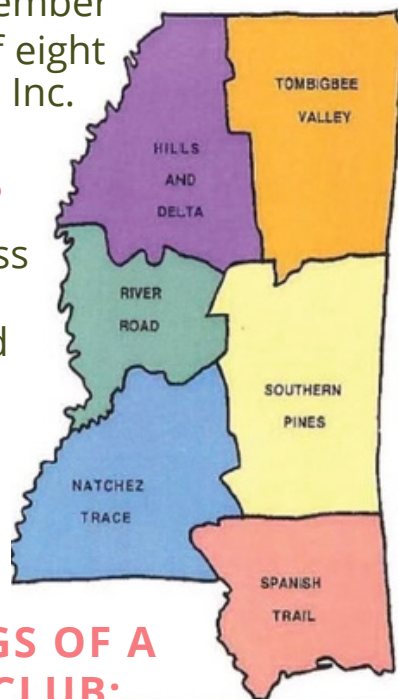

The Garden Clubs of Mississippi, Inc. has over 100 clubs in our great state of Mississippi. The state is divided into six districts and each district has a district director. The Garden Clubs of Mississippi is a member

of the Deep South Garden Clubs, which is one of eight regions that make up the National Garden Clubs, Inc.

## WHY SHOULD MY CLUB BE FEDERATED?

As a member of GCM, your club will receive access to state and regional events. These events and workshops travel across the state and are hosted by a club in that district. Your \$10 dues gives you NGC membership and helps support college scholarships in the state for horticulture related studies. Each member will also receive the *Miss Gardener* publication and newsletters.

## GARDEN CLUBS OF MISSISSIPPI EVENTS
